Cancer Ascendant and Ascendant lord Moon is in 7th house.

Highlights of Horoscope:

Moon being ascendant lord sitting with 7th Kendra house lord in quadrant house 7th – Good for having influence on people, being loved by people.

2nd and 12th lord together in Ascendant Sun + Mercury – self earning should be from foreign or linking of foreign things.

Venus and Jupiter conjunction in 2nd house of finance, that's saying comfort and money flow will be on and on through the life as Jupiter the 9th lord is in conjunction with 11th lord Venus sitting in finance house.

6th lord Jupiter is in conjunction with 4th lord Venus that's gonna make you run for mental peace

6th and 11th lord is in 2nd house of finance so he may earn through job/service or providing service oriented business. But at some point of time or other he will do job even if it is for short period.

5th and 10th lord Yoga Karak Mars is in 11th house of gain that can give him name and fame, more than that he can do something in entertainment too.

Negative points of Horoscope :

Moon being Ascendant chart is debilitated in 7th house sitting with Saturn making Punarphoo Dosha. Which causes trouble in married life, late marriage or divorce in marriage. It gets hard for the person to be happy for long time some or the other reason will make you depressed and low.

But Sun is the only planet which negate Punarphoo Dosha where its directly aspecting both the dosha causing planets Moon & Saturn. So 50% of the Dosha is mitigating more over his Ascendant lord Moon is waxing one as he was born in Purnima. So no matter what he will always bounce back from his stress or low feeling easily.

Jupiter and Venus are high class Maraka, they are the planet of consumption. When together sitting in 2nd house of Maraka place will give him the tendency of eating and drinking a lot putting weight and cholesterol high. Whenever he will be in stress he will keep eating and drinking more and more. As Jupiter and Venus are complete opposite character planets so that's more dangerous for health issues later in life. Now you are young to survive all things. Keep yourself in control else Rahu's aspect on both Jupiter and Venus will make the things troublesome.

Sun & Mars are opposite to each other that can always give little clash with his father. The basic ethics or mode of work between you and your father will always be different. Hence clash is bound to come sooner or later.

Relationship/Marriage/Life Partner :

As Moon is detriment in 7th house of partnership, and Saturn is strong there but again with the aspect of enemy planet Sun, so chances are there you will get married to someone of matured than you or from some different caste for sure and there will be lots of ego clash between you and your wife. Later too in D9 chart Sun is in Saturn house and Saturn being 7th lord sitting in 12th with Venus. So there will be chances of losing interest on your wife and surly you will fall for someone else. And talking about your love life always will be troublesome. Either situation will not be perfect or the person is little odd that you will choose so you will not be able to talk about your relationship openly in public, always there will be some secrecy about your relationships.

You will come across more than many gals and even after marriage gals will be there in your life. Venus in 12th house gives easy money and comfort etc but it doesn't give freedom and satisfaction with the love life.

Your 6th house strength is more than your house of partnership 7th. 6th is for divorce which is getting max point in chart 34, where 7th the house of

marriage getting 27 points so that will surely give break or disturbance in marriage or relationship.

Relationship will not be durable in your life as Venus in ketu nakshatra and later sitting with Saturn in 12th house of D9. Mostly the girl you will get married will be the one of your family choice or the one you will come across via some relative or common network. She will not be the one who will be born in same place or city or state where you were born. Quite matured in thought but dominative, beautiful girl you will get married with. The girl will be very much disciplined and duty oriented one as your 7th lord Saturn is in shravana nakshatra. She will travel a lot in her life.

Running Mahadasha - Rahu Mahadasha going on, which is posited in 6th house of Sagittarius, will be running till September 2027.

Auspicious Yogas You Have :

Sasha yoga - Saturn sitting in Kendra house 7th own sign. That makes other people to be dependent on you for sure. It's like you are the one who is having so much of hold on people that they can't go without you.

Kedar Yoga – 7 planets in 4 signs.

Shankha Yoga – 5th and 6th lords are in mutual Kendra that's is Mars and Jupiter are sitting Kendra from each other.

Parijat Yoga – Lagna lord its dispositor, and that dispositor's Rashi and navamsha dispositors are all in own sign. These are all very auspicious combinations to have health and wealth in life with good fortune.

Strongest planet in shaad baal yoga karak Mars – 8.25 Rupas or 494.83 Virupas. Which means your 5th and 10th lord is really strong enough in chart which means your status and professional front, credibility will always be high. As its yoga karka so will actually enhance your life in every aspect of life.

Mercury is in second position with 7.82Rupas who is your 3rd and 12th lord sitting in 1st house. So when ever Saturn MD will start it will give you property but it will not let you stick to any job for long either you will lose job or you will start doing something of your own.

Weakest planet in Saad Baal Venus – 5.27 Rupa. So obviously Love romance and relationship will not be strong in life. There will be money flow in life but money will not be sustainable as Venus is 11th lord too.

Saturn, Mercury & Moon – They are getting max ishta phal respectively.

Rahu – Sat - Ven – till **11th Aril 2016** – This is the time when you may give your thought to do something related to family business or family trend. Don't give much of money in loan, this coming exchange between ur 2nd and 6th lord Sun & Jupiter is gona make u lose some money. Take care of your health as well. You may have a travel soon as Rahu is going to be with your 4th and 9th lord in 2nd house after January.

Rah - Sat - Moon – till **30th August 2016** – You may fall for any gal during this time and your parents or you, yourself may think of getting united soon but then nothing will materialize at all. This is suitable for changing house, or relocating. According to your planetary position media work or work on something of ur own can be start during this time.

Rahu – Sat - Mars – Till **30th Oct 2016** – Finally you will be having some status uplifting in life. Either you are done with your degree, or you will start doing something of your own so you can say you have your own professional stream. But side by side this is the time you may really have very intimate

tiem with your girlfriend or getting married is very much possible. As Saturn and Jupiter will be aspecting your 7th house of marriage. So this double transit will push you to get married soon. Your dasha too is supporting for marriage as Mars is in Rohini nakshatra where its lord Moon is sitting in 7th house. So your AD Saturn & PD Mars both are having 7th house activation. So either you will be having very intimate time with Girlfriend or getting married can be very much possible.

Rahu – Sat - Jup – 1st April to 21st August 2017 – You will get busy doing full on work this time and your hard work and home work all will get materialized for sure. Remember things will get dragged and it may give you little frustration too but then don't feel bad its just coz of Saturn's transit in your 6th house of day to day activity and all. One more thing if u plan to start business by taking some loan then getting loan will give u some unnecessary delay..... its like some official mistakes etc. At times in business u need to take loan to show inflow of money.

Rahu - Mer - Mer – from 19th August to 28th December 2017 – You will start doing something new and completely different during this time onwards or you will shift your base of work for sure. Mostly you will be shifting to some media or entertainment, mass media related track. Not to mention lots of travel will also be there. Be careful don't get involved into any legal issues.

Rahu - Merc - Ketu – 28th Dec 2017 to 19th Feb 2018 – At last there will be really some professional gain and boost. All the hard work and home work will give u some success during this time. Love life will go on but marriage is not now little later. Take care of your health, there can be some trouble related to joint pain like arthritis or so. Your long time relationship will be in trouble now, there can be some misunderstand which may give break up between you and your special one. So to avoid it, always keep things transparent between you both.

Rahu - Merc - Ven – till 26th July 2018 – You may acquire a property, like space for our work station or office. This is the time your mom's health will be suffering as well as your father's. specially mother will be having more

issues on and on. So just be cautious about that. Hospital visit is going to be frequent for sure whether its for you or parents.

Rahu – Merc - Mars – till 20th Jan 2019 – Marriage is quite possible during this time, so I will suggest you to get engaged with the suitable girl of yours, and marriage can be the very next year. One thing I want to warn you here, if you are thinking of taking huge loan to expand your business or something then try to avoid it as I can see Saturn and Jupiter in 6th house together can give u huge loan amount but then returning on time will be really an issue for you so until not very much sure about it, don't go for loan at all.

Rahu – Merc – Jup – till 13th Nov 2019 – This will be the time when your Saade Saati will be running so usually your work progress will start getting slowing down for sure. As Saturn mostly delays things but it never stops. So I will suggest you to be patient. The best trick to overcome Saturn's delayed result is to clear your back log. Like whatever pending work you kept fo long start sorting out them one by one and you will see slowly you are improving ahead. That's the best way to make Saturn happy. Accidental issues cant be there but nothing will be life threatening.

Rahu – Ketu – Ketu – till 27th March 2020 – Even in this running Saturn Sade Saati, you will be doing really good in your profession, or you may be quite active in politics during this time. As I told you being in politics will be good for your but not full time politician. One is working hard and earning good another one is with the earning getting recognition and success, so this success and recognition can be seen during this time and not to say this good time will go on for some time so I hope you will utilize it well.

Rahu – Ketu- Ven – till May 31st May 2020 – Your Saturn will be very close to your Natal Moon which is the peak of Sade Saati so no matter how good you do in life that stress level coupled with some unknown depression will keep bugging you. Your mom's health will be so troubling during this phase which may give some trouble in family environment. Your work status all will be on the track still lots of errors lots of delays will be bugging you its like things are happening well but not smooth enough. That's the usual outcome of sade saati.

Rahu – Ketu - Sun – till 19th June 2020 – You will travel on and on during this time for some business purpose. Take care of your love life, this will be very sensitive during this phase. One more thing I need to add, during this entire Sade saati phase have a check on those employee who will be working under you. They will not be much honest to you. Your friends will be misleading so no matter what they say, keep filtering their words. If you have maternal grand parents you may lose any of them or some old relative in family so be careful to their health during that time.

Rahu – Ketu - Moon – till 17th July 2020 – Your father's progression will be having some blocked time, his communication with people will be disturbed, that good rapport with people will be missing. So he may have some suppressing time form authority or conflict with authority in his political career. So small small issues will go on over all period tough its not gona be that you will be losing all your work or your status etc.

Rahu – Ketu - Mars – till 15th August 2020 – Now this is the right time to get married with the one you thought of getting married for long. I will say go ahead, this is the best time to be in conjugal life. Your wife will be as I said very graceful in personality. Ya one more thing keep in mind there can be prospond of marriage date in your life. Like you got engaged and then the date all fixed later had to pros pond it. So don't get depressed or nervous on that.

Rahu – Ketu - Jup – till December 2020 – You may get some posh vehicle during this time, there will be many more plans going on regarding your work to relate with foreign land. Be careful of your partners in business, they may get hurt or some misunderstanding can be there but this is not the right time to break any partnership deal so be flexible and go on with the team of people you were working with. There will be one relief in life for sure that little less spending in life which you wud experience in 2019.

Rahu – Ketu - Sat -18th Nov 2018 to 8th April 2020 - Your work will get halted or some mess will take place regarding your work and profession. This is temporary coz of the grand mutation that happened in transit. So this phase can be bad for you but after that the graph of your life will go on and on. Be careful during that time form your enemy. Open enemy not secret enemy. Those who know that they are always against you. Such kind of people may surprise you the way they will strike on you. I want to warn you in investment issues, never ever invest much money in any business of others or any investment plan of others in life. That money will never come back.

Rahu – Ketu - Merc – till 27th March 2021 – This is going to be very very busy time of your life with lots of traveling here and there. According to your chart, if your father goes for any election during this time, he may have difficult time winning it. So many things will be going on at your end like it will be juggling with work then travel, tacking home front, political fronts, so full on tiring time will be there for you, but then I believe that's how life should be, packed with many things and then slowly getting resolved all. In this entire Sade Saati Phase you will be doing work, you will be getting success with little trouble here and there but then you will be feeling you could do much better which you couldnt due to some delay or unnecessary dragging. That can give you some frustration but trust me you are not the alone everyone feels the same during Sade Saati. Just take care of parents

that's all, rest can be done with time.

Rahu – Ven – Ven – till 26th Sept 2021 – There can be chances of getting some fund from Govt or from some other ways, also there will be chances of getting addition in family member means having child. Time to buy a house for your own. In short getting property can be possible, not gifted by others but having your own earned property.

Rahu – Ven - Sun – till 19th November 2021 – You may go to Foreign land for few months or shifting there for some time due to your work, all I can see is relocating from your usual base for some time and mostly it will be foreign land. You should move on as Rahu will be in your 4th house of mental peace during that time will not allow you to be in peace at home. So better you be away from home which can give u peace and more opportunity to work too. No matter whom you get married whether its your choice or parent's at the end marriage will give u stress as I told you, so this is the time it will start getting triggered.

Rahu – Ven - Mars – Till 20th April 2022 – Your father will be having some health issues, some obstacles in his professional filed. Marital life of yours will start giving some stress every now and then but just be patient for two hours things will better than earlier. If any legal issues go on the nit will take longer time to get resolved, any loan can get sanctioned but then it will give tough time replaying on time. So put your steps accordingly so that u don't have to be either in legal stuffs nor in loan

Rahu – Ven - Rahu – till 5th November 2022 – Actually 2022 will not be very sound year for you in terms of profession or career, but then you will feel some boost inside and lots of optimism in you will be there. So basically this year will be the year for home work for how to take urself in next level of success. I will suggest you to have side by side always two kinds of work in life. One should be related to entertainment, media, communication etc.

Rahu – Ven - Sat – till 20th Aug 2023 – Some very positive changes going to happen with your career, it will give much peace in your domestic front too. Money flow will get maximize, just don't give anyone loan, it will not be back for sure. Ultimately I can see you having your own type of business or ideas on the basis of which you will make business establishments later you will get connected to other countries and clients from there.

Rahu – Ven - Ket – till 23rd March 2024 – There can be offer to you for partnership or buying partnership stake form you, I will say don't go for it so easily, you will get such offers later too.

Rahu – Sun - Sun – till 8th April 2024 – Your traveling will be maximum, but take care of your health too, there come be some hospitalization issues too at home. Now this is little tricky part, there will be the chance of liking someone else too during this time, so that will be temporary attraction, so ignore as much as you can. Your chart says you are very much dynamic person so you don't have to be in parasite for emotional support from any woman. Just keep your focus on work.

Rahu – Sun - Mars – Till 26th May 2024 – This period will give you some height of success, it may even give you some honorary position in any

enterprise or company, organization. As your Ketu will be traversing through your 3rd house of communication so your communication with near relative will be missing and you will be detached from them due to your work and all. There can be some issues with your relatives and you during this phase. Lots of work and honor will make your life busy and more and more ambition to earn success not money, your chart says u r not at all money oriented person.

Rahu – Sun - Jup – till 29th August 2024 – Some legal issues will surly knock at your door, so no matter its what just keep one thing in your mind, one you will be in some legal issues whether its criminal civil or any sort of legal stuff that will take away lots of your finance as your 6th house lord is in 2nd house. But at the end you will win the matter for sure.

Rahu – Sun - Merc – till 5th December 2024 – Just take care of your Father, he will be needing you most during this time, I hope there will not be much difference of opinion between you and your father at that time. Whether you want or not, you will be away from your family and politics too during this time. I mean not much of activity you can show in that field. Expenditure will be very high during this time.

Rahu – Sun - Ketu – till 24th December 2024 – Slowly things will start coming into your control. Remember the last phase of Rahu Mahadasha will give you lots of trouble, indecisiveness, anxiety etc but stick to our agenda. Don't go for short cut of anything, easy gain or easy money, this is a very tricky time Rahu can trap you anytime. One you will cross Rahu Mahadasha you will never have to look back in life for next 14years atleast.

Rahu – Moon - Mars – till 3rd May 2025 - This is the time your wife will be

doing something so significant in her work too. This is really an excellent time for her career flourishing. So I am really hopeful you will feel proud of her work at that time. This is the time when you will be thinking of investing in some different business too, I will suggest you to be in some liquid business at that time it can be chemical, water, beverages etc but not alcohol for sure. Your planets will allow you to move and on with the time but just one thing keep in mind during this period specially, too much ambition is not that good and cross checking your people and plans is must. ELSE YOU MAY END UP IN BIG TRAP!!!

Rahu – Moon – Jup – till 9th October 2025 – Try to balance your marriage and career at a time, if anything gives trouble during this time then it will be your marital life. If you can pass on this 2 years then for almost next 10years things will be peaceful at home. I can see you will shine and rise very very high in life, people will be so crazy for you and your companionship I mean to say public. So just learn how to alter expenditure, and how to balance your home and work rest everything will be assured that you are getting deserving result.

Rahu – Moon - Merc – till 19th March 2026 – You may buy some property in foreign land during this time. Very tricky condition for marriage as I said just keep floating and let the time pass, things will be on its place.

Your Rahu Mahadasha will be over around September 2027. Stop expanding your work or taking any major step or decision from November 2026. As that last 7 and half month of Rahu is alws so dangerous. Your next Jupiter Mahadasha will be fantastic for you, you will see the height of honor and respect from people. In entire Rahu Mahadasha it was full of hard work then establishment, going for new ventures then proving yourself at times indecisiveness etc. But then in Jupiter MD you will see that smoothness in life coming. So Just go on and dont forget to be religious in life, after all Guru wants people to be religious who will have firm belief in God and in the

beginning of Jupiter MD go for pilgrimage. Just take care of your health during that time. You will not be able to control your weight for sure in Jupiter MD. You will be going for some finer professional courses to pursue for few months in foreign during your Jupiter MD.

Over all I can see really good growth and progress in Life. All the best.
